How Was Adhyan Kendra Founded?

Well, to start with this first I need to tell you about a story named “Thank You”. In 2015, I used to give classes to a few of my local students in Dumdum, Kolkata. They were all pleased with the way I had been teaching. Gradually I was receiving so many thanks from them. This got me motivated and I decided to share my knowledge with a large number of students. But as my knowledge is limited (very tiny) so I engaged a few more tutors with me to serve our purpose. We continue to wish for the success of our beloved students. And the most important thing which always keeps us get going is “The Thanks” from our students.

How Was Adhyan Kendra Founded?

In the year 2018, we declared ourselves officially as an educational institute. The name 'Adhyan Kendra' was chosen for better recognition of the institute. Since then "Thanks" are increasing as days pass, and that is our main gain.

Now, we are a team that shares extensive knowledge. Adhyan Kendra has become an institute that cares the society by serving the students. We are still waiting eagerly to receive uncountable "Thank you" from our future geniuses (students).
